UNDERSTANDING OUR FAITH

ב"ה

KNOWING G-D

No longer will a man teach his friend or a man say to his brother, "Know G-d," for they will all know Me, from the least of them unto the greatest of them.... (Yirmiyah 31:33)

Moshiach is described as a state of perfect knowledge of G-d. What we now apprehend with faith will then be revealed and known to all.

However, this does not refer to simple intellect. When it comes to simple knowledge and understanding, everyone is different. That is why we have teachers. Moshiach will bring a higher sort of knowledge, where essential faith itself becomes known. Therefore, everyone will know G-d equally because essence is the same for all.
